

Team Meeting

Feb 21, 2021 / 9:30 AM / Zoom

Attendees

Nolan Flegel, Rishabh Prasad, William Peers, Sam Dietrich

Agenda

- CopyPaste Layering
- Dataset export
- Mentor Meeting Updates

Notes

- Project progress going well
- Data Augmentation: Adding jitter, blur
- Generating baseline dataset and training results
- CopyPaste: Annotation separation and layering working
- Testing: Annotation Clipping, merging into single annotation file.
- Bisection Flag: True - Allow Bisection, False - loop until no bisection occurs.

Action Items

1. Get end-to-end pipeline working
2. Add checks for edge cases (donut problem, bisection, etc)
3. Bazaar #2

Next Meeting Agenda (Feb 28, 9:30am)

1. Setup Code Review
2. Test Pipeline
