

Team Meeting

Oct 26, 2021 / 2:00 PM / Zoom

Attendees

Nolan Flegel, Rishabh Prasad, William Peers, Sam Dietrich

Agenda

- Image Annotations
- Pytorch
- Integrate Sam into sprint planning
- ENSE 411 Project update
- Setup meeting with El-Darieby and George

Notes

- 10 minute scrum was good, allowed for more elaboration
- Collecting false positives complete for Regina (Aug - Oct 15)
- Mitacs - got review back from PR, need to finalize changes and submit.
- URmonolith/Front-end Architecture setup and database access: should connect to local db
- Group work on Thursday: remaining documentation.
- Make script to sort images
- Start annotations on the weekend

Action Items

1. Mitacs - Finalize references, reviews and submit
2. Group work: Finish outstanding documentation
3. Create script to sort images
4. Start annotations
5. Set meeting with El-Darieby/George

Next Meeting Agenda (Nov 2, 2:00pm)

1. Review false-positive image dataset
2. Status of Mitacs
3. Status of Documentation
